

**Matthews Playhouse of the Performing Arts
A Funny Thing Happened on the Way to the Forum
Seeking Lighting Designer & Props Designer**

Lighting Designer & Props Designer

Matthews Playhouse will produce “A Funny Thing Happened on the Way to the Forum” in June 2019. We are seeking a lighting designer who has previous experience with designing for musicals, hanging and focusing, programming cues, and working off of a rep plot. We are also looking for props designers who can mainly “pull and purchase” props, with possible construction or modification of existing props. Day-to-day schedule is flexible, as long as designers can meet necessary deadlines. Attendance at all tech/dress rehearsals is mandatory.

Director: June Bayless

Choreographer: Ron Chisholm

Rehearsals: April 29-May 31

Tech/Dress Rehearsals: June 1-6

Performances: June 7-23
